Opis

IP-in 12 services - Start package. When the incoming signals are in the IP format, you will need a copper or fibre SFP (R345) and additional SW. The start package is for 12 IP-in services, and for additional services the IPTV-in expand software (item no. 418045) is supplied in packages for 12 services. When ordering software for IP-in, please inform Triax of the serial number of the ID-no. of the TDX main unit. The article numbers are: 418045 - TDX IPTV-in 12 service - Start. There is no hardware involved in the IPTV solution - only software, which has to be ordered directly from our sales department in Triax - Denmark.
